foreword

Jagriti Art is an awareness initiative showcasing quality art from the house of GMB Films (P) Ltd. It is a reliable source of contemporary and modern Indian Art providing extensive range of art for display, sale, auctions and consultancy.

The decade gone by has been enriching....

"Art with a Heart" has always been our sublime motto and we have been actively involved in various community service initiatives – be it concern for the environment & the tribals or establishment of scholarships and library for meritorious and deserving students or dementia care or the protection & welfare of women & child and the aged or providing medical corpus for the benefit of needy patients requiring financial assistance for life threatening surgeries etc - we have come forward and contributed to the best of our ability.

The journey too has been exciting as we held events - both in India and abroad. From Italy to Thailand and from Bahrain to Egypt we have been able to delineate the foot print of Indian art - far and wide.

In India, too, we have had events and exhibitions in the metros like Mumbai, New Delhi, Kolkata or smaller towns like Bhubaneswar, Shillong, Shantiniketan & Darjeeling.

Art conducts regular art workshops, exhibitions and parleys to provide a pro-active platform for established as well as emerging artists.

Jagriti Art intends to continue this exciting journey in the years to come !

Our sincerest thanks and gratitude goes out to all friends, artists, patrons and well wishers who have stood by and encouraged us all the way.
